

7月から上越教育大学国費留学生の Violeta（ビオレッタ）さんが語学講師として勤務しています。

Violeta さんの出身国はコロンビアです。日本の夏はとても蒸し暑いと話していました。ぜひコロンビアのことについて、話しかけて聞いてみてください。（写真は語学部の様子です）

My name is Aura Violeta Izquierdo Bernal, but everyone can just call me Violeta. I was born in Tunja, a small cold city in Colombia, but I grew up in Bogotá, that's why I consider it my hometown. I studied languages at the Universidad Pedagógica de Colombia (Pedagogical University of Colombia). I can speak Spanish (my mother tongue), French and English. Before coming to Japan, I was working as an English teacher in a public secondary school in a rural area in Colombia. I have 10 years of experience as a foreign language teacher.

I arrived in Japan on 29th September 2022. I'm a scholarship holder of the MEXT teacher training program at Joetsu University of Education. This is a great opportunity to learn from the experience of Japanese teachers and gain insight into the Japanese school system, as well as the Japanese language and culture. I hope that I can also contribute to the learning process of English as a foreign language here and show the culture of my country. Let's learn together!!
